#### **Santa Barbara County**

**Mandatory**, approximately 29,379 people impacted:

- Unincorporated portions of Santa Barbara County
- All areas north of Hwy 192, East of Cold Springs Rd., West of Hwy 150 / the County Line
- Tecolote Canyon, Eagle Canyon, Dos Pueblos Canyon, Gato Canyon
- The Whittier burn areas near Goleta

**Voluntary**, approximately 23,293 people impacted:

- Areas south of Hwy 192 from Hale Park / Montecito County Club area to Santa Barbara / Ventura County Line

#### **Los Angeles County**

**Mandatory**, approximately 19 people impacted:

- Country Club Dr., City of Burbank

# **SITUATION SUMMARY**

## **January 2018 Winter Storm (Continued)**

### **Road Closures**

Santa Barbara County:

- Hwy 101 is closed between Hwy 126 and Milpas St.
- Hwy 150 between Lake Casista and Carpenteria
- Hwy 33 between Ojai and Lockwood Valley
- Hwy 192 between Hwy 144 and Hwy 150

### **Evacuation Centers**

- Santa Barbara County
  - American Red Cross (ARC), Santa Barbara City College, 721 Cliff Dr., Santa Barbara
    - Midnight Population: 3
  - Animal Shelter:
    - Earl Warren Showgrounds, 3400 Calle Real, Santa Barbara (Large Animals)
    - Santa Barbara Humane Society, 5399 Overpass Rd., Santa Barbara (Small Animals)
- Los Angeles County
  - Duarte Community Center, 1600 Huntington Dr., Duarte
    - Midnight Population: 0
  - Sun Valley Recreational Center, 8133 Vineland Ave., Sun Valley
    - Midnight Population: 1
  - McCambridge Park Recreation Center, 1515 N. Glenoaks Blvd., Burbank
    - Midnight Population: N/A

# **SITUATION SUMMARY**

## **January 2018 Winter Storm (Continued)**

### **Access and Functional Needs**

- None reported at this time.

### **Critical Infrastructure**

- On 01/09/18, Union Pacific suspended railroad service in Santa Barbara County, at this time there is no estimated time of reopening.
- On 01/09/18, Per California Utilities Emergency Association (CUEA):
  - Southern California Gas (SoCal Gas) advises that a transmission gas line separation occurred in the area above Hwy 192.
    - SoCal Gas is currently awaiting clearance of Hwy 101 at 192 to gain access to assess the line and potentially repair it.
    - SoCal Gas has a temporary isolation of service to Montecito to check lines for safety before restoral of service, this is impacting 3,500 customers.
    - There is no estimated time for restoral of services at this time.
  - Southern California Edison (SCE), reports about 3,854 residences are without power.
    - SCE is also awaiting access to the area to repair the downed power lines. SCE reports about 14 service locations that are either damaged or are unable to serve the load in the Montecito. SCE crews are currently conducting damage assessment.
    - A construction coordinator is deploying to the County EOC to prepare a priority list for placement of generators.
    - There is no estimated time of restoration provided at this time.
  - AT&T has 2 cell sites down.
  - Verizon has 1 cell site down.

### **School Closures**

#### **Santa Barbara County:**

- Montecito
  - Cold Springs Elementary
  - Montecito Union School
  - Private Schools – Crane Country Day and Laguna Blanca Schools
- Carpinteria
  - Carpinteria Unified School District
  - Carpinteria High School
  - Rincon Foothill Continuation High School
  - Cate Boarding School

#### **Ventura County:**

- De Anza Middle School

# SITUATION SUMMARY

## January 2018 Winter Storm (Continued)

### **Missions**

- **2018-FIRE-44492:** 2 National Guard helicopter with rescue hoist capabilities to support rescue operations in Santa Barbara County. ([On Scene](#))

- None reported.

# **CDPH INFLUENZA SITUATION SUMMARY**

## **EXECUTIVE SUMMARY**

California continues to see widespread statewide levels of influenza and influenza-like illnesses (ILI) with hospitalizations above expected levels, as reported on 12/30/17. Influenza A (H3N2) viruses are predominating this season, to date. While influenza activity varies from year to year and is unpredictable, California generally sees an increase in cases in late December or early January and often peaks in February or March. As reported for the current season, there have been 27 deaths associated with influenza under the age of 65, and 39 outbreaks. Updated Influenza data is available every Friday and is reflected in this report.

The CDPH Medical and Health Coordination Center (MHCC) continues to be activated in response to an increase in influenza, ILI and medical surge occurring throughout California. The MHCC is utilizing week-long operational periods and will distribute Public Health and Medical (Emergency Function 8) Situation Reports every Tuesday and Thursday.

Please see the attached report for further information

# WEATHER OF CONCERN

## Weather of Concern

- The current Winter Storm will continue to bring heavy rain, high elevation snow and gusty winds to portions of Southern California through this evening.
  - Concern regarding the burn scar areas in Central and Southern California continues

## **Active Weather Warnings, Watches and Advisories by County:**

- <https://alerts-v2.weather.gov/counties/CA>

# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

Significant wetting rainfall impacted the region during the past 24 hours with abundant 1 to 3 inch amounts and locally up to 5 inches. Precipitation will continue over the area today with a secondary Pacific wave providing scattered showers and additional cloud cover on Wednesday. Precipitation amounts will be much less compared to the previous 24 hours.

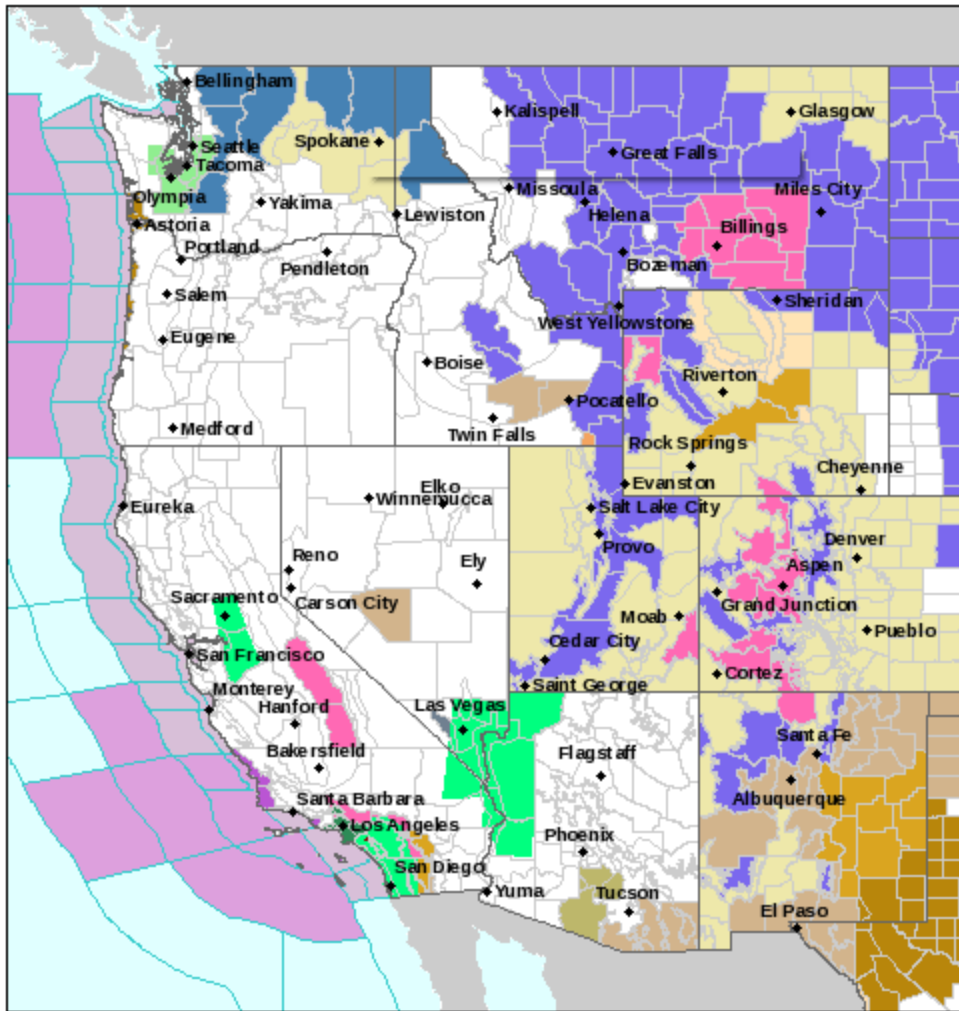

An additional weak Pacific wave will clip the region Thursday into Thursday night and provide another round of precipitation. Amounts would be on the lighter side and favor the North Coast. A strong ridge is still expected to set up over the area Friday and last into the weekend. Conditions would turn drier and stable with warmer afternoon highs. Gustier N to NE wind would develop Friday and last into Saturday. The ridge should break down early next week and give way to additional precipitation and a moist onshore flow.

## **SOUTHERN CALIFORNIA**

A strong Pacific storm currently located just off the coast of Point Conception will bring rain, heavy at times, this morning. The rain will turn to scattered showers this afternoon as the storm center pushes inland and then end tonight as the storm pushes off to the east. Most foothill and mountain locations will receive an additional 1 to 2 inches of rainfall and most coastal and valley locations will receive an additional half inch to an inch of rainfall with this storm. The snow level will drop to around 6,000 feet this afternoon. Southerly winds of 20 to 40 mph with gusts to 60 mph will continue to surface across the wind prone areas this morning and then switch to the west this afternoon and tonight. Temperatures will be 5 to 10 degrees below normal today, with upper 30s and 40s across the mountains and 50s to low 60s in the valleys. The back side of this storm will bring northerly winds of 20 to 40 mph with gusts to 60 mph to much of Santa Barbara County and the Grapevine Wednesday. Temperatures will warm a few degrees Wednesday, but they will still be a little below normal. A strong ridge of high pressure will build into the West Coast bringing a big warming and drying trend to the region Thursday through this weekend. Temperatures will be 10 to 15 degrees above normal and minimum humidity will be mainly in the teens and twenties Friday through this weekend. Winds will be light Thursday through this weekend. The ridge of high pressure will weaken bringing a cooling trend and an increase in humidity to the region early next week.
